

Report on World AIDS Day Programme (AQAR Submission)

AQAR Matrix: *Criterion 3 – Outreach and Extension Activities / Awareness Programmes*

Date: 5th December 2025

Venue: Room No. AB-8

The college observed **World AIDS Day** on **5th December 2025** in **Room No. AB-8** with the objective of creating awareness among students about HIV/AIDS, its prevention, and the importance of social responsibility and empathy towards affected individuals. The programme was organized under the guidance of the IQAC with active participation of students and faculty members.

The programme commenced with a brief introductory address by **Dr. Nilotpal Saha**, who highlighted the objectives of World AIDS Day and emphasized the need for awareness, prevention, and the elimination of stigma associated with HIV/AIDS.

This was followed by an address from the Principal, **Dr. Bipul Ch. Basumatary**, who spoke on the significance of observing World AIDS Day in educational institutions and encouraged students to be informed, responsible, and compassionate citizens.

The invited speaker, **Dr. Shruti Sharma**, a renowned Clinical Psychiatrist of Kokrajhar, delivered a thoughtful and insightful lecture on HIV/AIDS. She explained the causes, modes of transmission, preventive measures, and the importance of mental health support for people living with HIV/AIDS. She also discussed ways to counter myths, misconceptions, and social stigma through awareness and scientific understanding. Her lecture was highly engaging and informative, leaving a strong impact on the students.

At the end of the programme, the vote of thanks was delivered by **Dr. Kishore Krishna Das**, IQAC Coordinator, who expressed gratitude to the invited speaker, the Principal, faculty members, and students for their cooperation and active participation. The programme concluded successfully with a collective resolve to spread awareness and promote a healthy and inclusive society.

Outcome of the Programme:

- Increased awareness among students about HIV/AIDS and its prevention
- Better understanding of the psychological and social aspects of HIV/AIDS
- Promotion of empathy, responsible behaviour, and social sensitivity

The programme effectively met its objectives and is a significant contribution to the institution's AQAR documentation under outreach and awareness activities.
