

Installation of Vending Machine by Women Cell, IQAC,2020

The vending machine was installed on 28th December,2020 in the girls common room to ensure an effective safe and convenient mode to promote safe and hygienic practices among women and girls in the college by the women cell. This is in line with 'Swatch Bharat' scheme as well as the 'Beti Bachao' scheme and also in line with the maintenance of the hygienic needs of the female staff and students .

A demonstration was given to the students for easy accessibility by the members of the cell. Free trials were conducted ,and students' doubts and queries were also cleared by the members of the women cell.
