To plan and carry out academic activities in a meaningful way, an academic calendar is utmost need for any academic institution. It's my pleasure to present the Calendar for the academic session 2023-2024. As this Academic Calendar will demonstrate, we offer a broad range of academic programmes to equip students with wide range of knowledge and skills. We are supposed to extend Inter-disciplinary programmes for the students.

To bring uniformity in the academic activities, the college has decided to follow the Academic Calendar and Holiday List of Bodoland University. It is hoped that the college will follow the activities as per calendar in true spirit. The academic calendar includes all activities of the college including the time schedule of examinations. It is expected that the implementation of the activities as designed will help the learners to enjoy the learning situation and overall development.

The college acknowledges the valuable suggestions forwarded by learned faculties of the College, faculties of the University and well wishers in planning the calendar. The college honestly feels that if this calendar is strictly followed, the academic environment of the college and career planning of the students will definitely move towards the desired goal.
